This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

# DETECTION OF ERRORS IN TELEGRAPHY.

## TEST OF THE ACCURACY OF A MESSAGE.

The following method of ascertaining whether a message has been accurately transmitted or not may used with advantage in important telegrams. Suppose the letters of the alphabet represent the numbers 1 to 2 thus :—

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| A | 1 | H | 8 | O | 15 | V | 22 |
| B | 2 | I | 9 | P | 16 | W | 23 |
| C | 3 | J | 10 | Q | 17 | X | 24 |
| D | 4 | K | 11 | R | 18 | Y | 25 |
| E | 5 | L | 12 | S | 19 | Z | 26 |
| F | 6 | M | 13 | T | 20 | | |
| G | 7 | N | 14 | U | 21 | | |

Then add the numerical values of the letters in the message together, and send the total at the end of the telegra Take for example the following message :—

"ASPIRATORY ENGRAVINGS,"

which, as shown below, would represent the number 258, which number should be placed at the end of the messa thus :—"Aspiratory Engravings 258."

A S P I R A T O R Y E N G R A V I N G S.

1 + 19 + 16 + 9 + 18 + 1 + 20 + 15 + 18 + 25 + 5 + 14 + 7 + 18 + 1 + 22 + 9 + 14 + 7 + 19 = 258

By this plan not only can it be found by the receiver that a telegram has in all probability been correctly transmitt but in cases where a word has been mutilated, and the receiver believes a certain word to be the correct one, he c by substituting this other word and adding its numerical value to that of the words which are presumably corre at once ascertain whether or not the substituted word makes up the correct total shown at the end of the message.

Journeyman.....24 „ „ „
Jovially .....36 „ „ „
Jovialness .....48 „ „ „
Jowler .....60 „ „ „
Jowlopped .....72 „ „ „
Joyance .....84 „ „ „
Joyful .....96 „ „ „
Joyfully .....—— running days for all purposes.
Joyfulness .....—— „ loading.
Joyita .....—— „ discharging.
Joyless.....—— working days for all purposes.
Joylessly ..... ..—— „ loading.
Joyosas .....—— „ discharging.
Joyously .....—— weather working days for all purposes.
Joyousness .....—— „ „ loading.
Juanero ..... —— „ „ discharging.
Jubilation .....Steamer to be loaded by ——
Jubilee.....Steamer to be discharged by ——
Judges .....Expect to begin loading by ——
Judgeship ..... .....Expect to begin discharging by ——
Judgment .....When will the steamer be ready to load?
Judicable.....When will the steamer be ready to discharge?
Judicatory .....Will the steamer be ready for cargo by ——?
Judicially .....When will the steamer commence loading?
Judicious.....When will the steamer finish loading?
Juggleress .....When will the steamer commence discharging?
Juggling .....When will the steamer finish discharging?
Juglaresa .....We expect the steamer will be finished discharging at —— by ——
Jugulars .....Lay days not to commence before ——, unless with charterer's consent.
Jugulated.....Lay days to commence as soon as the steamer is ready to receive cargo.
Juciest.....Loading should commence about ——
Juciness .....Loading must commence by ——
Jujubes .....Loading must be finished by ——
Julep .....Loading will commence about ——
Jumart.....Will be loaded and ready for sea by ——
Jumble.....Steamer to clear at the Custom-house on or before ——

# TIME FOR LOADING, DISCHARGING, &c.—Continued.

Jumblement .....Can fix only with guarantee to load between the dates named.
Jumblings .....Can fix only with guarantee to load in the month named.
Jumpseat.....Can fix only with guarantee to commence loading by time named.
Jumpweld .....We think the steamer will be there to load by the time named.
Juncates .....We think the steamer will be there to load by the time named, but will not guarantee it.
Junction .....We guarantee steamer to be ready to commence loading by the time named.
Junctoris .....We decline on principle to guarantee, that is a merchant's risk.
Juncture .....We do not think the steamer can be there by the time named.
Juneberry .....Merchant must take his chance of date of arrival.
Jungly.....We decline to guarantee time.
Juniority .....We decline to guarantee time, but if not there will submit to a reduction of ——
Juniors .....Make the lay days as short as possible.
Junipers .....We must have short lay days.
Junkerites .....We must have shorter lay days.
Junket.....The time for loading cannot be reduced.
Jurassic .....The time for discharging cannot be reduced.
Juratory .....The time for loading and discharging cannot be reduced.
Juridical .....We cannot get better terms for loading and discharging.
Jurists .....We must have running days.
Jurors .....We must have working days.
Jurybox .....We must have weather working days.
Jurymasts .....We must have running days instead of working days.
Jurymen .....We must have working days instead of running days.
Juryrigged ..... We cannot give running days.
Juryrudder .....We cannot give working days.
Justice.....We cannot give weather working days.
Justiciary.....Sundays excepted.
Justified .....Sundays and holidays excepted.
Justifying .....Time occupied changing ports to count as lay days.
Justly ..... ...Time occupied changing ports not to count as lay days.
Justness .....Time occupied waiting for orders to count as lay days.
Jutwindow .....Time occupied waiting not to count as lay days.
Juvenile .. .....Steamer not to be detained longer than 12 hours waiting for orders, or lay days to count.
Juvenility .....Steamer not to be detained longer than 24 hours waiting for orders, or lay days to count.
Juwanza .....How many lay days?
Juxtaposit .....How many days are left for discharging?
Juzail .....—— days left for discharging.
Kabasson .....The steamer is loading quickly.
Kabbate .....The steamer is loading slowly.
Kabbeling .....The steamer is loading fairly well.
Kabbelow .....The steamer is discharging quickly.
Kabelgaren .....The steamer is discharging slowly.
Kabelgat ..... .....The steamer is discharging fairly well.
Kabook .....The steamer has just commenced loading.
Kafaltree.....The steamer has just finished loading.
Kakaralli.....The steamer has just commenced discharging.
Kaleyard .....The steamer has just finished discharging.
Kalmuck .....“ Wire ” instructions as to loading.
Kalsomine .....—— lay days expire ——. Wire instructions as to loading.
Kamichi .....“ —— ” lay days and days on demurrage expired. Wire instructions.
Kamsin .....Detention through quarantine not to count as lay days.

# TIME FOR LOADING, DISCHARGING, &c.—Continued.

stere .....The detention of the steamer is serious.
garoo.....Can you not get better despatch for the steamer?
ism .....Steamer to work only during ordinary working hours.
tia .....Steamer to work night and day, if necessary.
holite .....Steamer to work night and day, if required.
rdly .....Steamer to work night and day, if required, charterer paying extra expense.
ack ..... .....Steamer to work night and day, if required, owner paying extra expense.
age .....Hasten the loading as much as possible.
boat .....Hasten the discharge as much as possible.
hauled .....The steamer must be loaded more rapidly.
man .....The steamer must be discharged more rapidly.
sons .....Use your utmost exertions to get loading finished by ——
eyed.....Use your utmost exertions to get discharging finished by ——
ly.....Do not spare a few pounds extra expense to get steamer loaded more quickly.
ness .....Do not spare a few pounds extra expense to get steamer discharged sooner.
witted .....What cargo has S.S. —— now in, and when will she be finished?
ership .....S.S. —— has now —— cargo in, and will probably be finished in about —— days.
ing .....What cargo has S.S. —— now discharged, and when will she be finished?
sake.....S.S. —— has now discharged about —— cargo, and will probably be completed in about —— days.
ing .....Expect get a berth immediately and good despatch.
ies ..... „ „ in —— days „ „
elled ..... „ „ „ but poor despatch.
ets .....Commenced loading, and expect to finish in about —— days.
nine ..... „ discharging „ „ „ „

# POSITION.

**Kindest** .....What is the position of the steamer ?
**Kindlier** .....The steamer is now at ——
**Kindlings** .....The steamer is now at —— loading.
**Kindness** .....The steamer is now at —— loading for ——
**Kindred** .....The steamer is now at —— discharging.
**Kingapple** .....About to sail in ballast from ——
**Kingbird** .....About to sail with cargo from —— for ——
**Kingcraft**.....The steamer is now ready for sea.
**Kingcup** .....The steamer is now on passage to ——
**Kingfisher** .....The steamer is now on passage from —— to ——
**Kinghood** .....The steamer —— is discharged and now waiting loading instructions.
**Kinglike** .....To what port is she bound ?
**Kingliness** .....She is bound to ——
**Kingpost** .....Is she in ballast ?
**Kingsevil**.....Has she cargo on board ?
**Kingship** .....In ballast.
**Kingstone** .....Has cargo for ——
**Kinkajou**... .....She is too forward.
**Kinoyle** .....She is too distant.
**Kinsfolk** .....She is too forward. Offer more backward tonnage.
**Kinsmen** .....She is too distant. Offer more forward tonnage.
**Kinswomen**.....A more forward steamer is required.
**Kiosk** .....A more distant steamer is required.
**Kipper** .....Preference will be given to a more forward steamer.
**Kirkman** .....Preference will be given to a more distant steamer.
**Kirtled** .....Steamer is too distant, we are unable to make you an offer.
**Kirwanite** .....We cannot do anything unless you give us the exact position of steamer.
**Kislaraga** .....If we had position of the steamer it would facilitate business.
**Kissed** .....We cannot give you name or exact position, as we shall put in any one of two or three boats, whichever may happen to suit best at the time.
**Kissing** .....It is very important we should know when to expect this steamer, so please telegraph when she sails for this port.

Reprieve .....Freight list amounts to £ ——

# FREIGHT MARKET REPORTS.

**Revomits** .....What is the state of your freight market?
**Revulsive** ..... „ market? Is it any use cabling an offer of a steamer?
**Rewaking**.....Backward tonnage not wanted.
**Rewarded**.....Forward „ „
**Rhabdology** .....Our freight market is dull.
**Rhapsodist** ..... „ very dull.
**Rhapsody**..... „ active.
**Rheinberry** ..... „ in a state of panic.
**Rheometric** .....Are freights advancing?
**Rheoscope** ..... „ declining?
**Rheostat** .....Freights are advancing.
**Rheotome**..... „ declining.
**Rheotropes** .....Freights generally are tending downward.
**Rhetoric** ..... „ „ upward.
**Rhetorized** .....Do you think freights will improve?
**Rheumatic** ..... „ decline?
**Rhinalgia**.....An advance in freights is probable.
**Rhinanthus** .....A decline in freights is probable.
**Rhinoceros** .....We expect freights will improve.
**Rhizoma** ..... ..... „ decline.
**Rhodalite**... .....Freights from this direction will soon be lower.
**Rhodium** .....What are the prospects for steamer to arrive about ——?
**Rhodizites** .....We recommend chartering immediately.
**Rhombic** ..... „ delaying chartering until steamer arrives.
**Rhomboidal**.....We do not recommend chartering until steamer has discharged her inward cargo.
**Rhubarb** ..... .....May be better to wait arrival of steamer.
**Rhyme**.....We advise you to „
**Rhymeless** .....We cannot charter to arrive at satisfactory figures, and think it better to wait.
**Rhymesters** .....Tonnage is scarce.
**Rhyming** ..... „ plentiful.
**Rhymists** ..... „ moving to other ports for cargo.
**Rhythmical** ..... „ coming from „
**Ribald** .....The tonnage offering is in excess of charterers' requirements.
**Ribaldish** ..... „ not sufficient to meet charterers' requirements.
**Ribaldrous** .....Grain arriving freely.
**Ribbons** .....No great arrivals of grain.
**Ribgrass** .....Speculators are chartering in anticipation of an advance in freights.
**Ribroasts** .....Rate of freight.
**Ricebirds** ..... „ by steamer for direct port.
**Ricemilk** ..... „ „ calling for orders.
**Ricepaper**.....Telegraph the lowest rate.
**Riceweevil** ..... „ „ you will accept.
**Richest**..... „ highest rate.
**Richly** ..... „ „ offering.
**Richness** ..... „ present rate.
**Ricks** .....There are no freights in the market for ——
**Riddances** .....Keep us well informed; we may offer soon.
**Ridden**.....This is the very lowest rate at which we can obtain tonnage; you had better accept.
**Riddlers** .....There is a large amount of tonnage offering; owners had better act quickly or will lose the freight.
**Riderless** .....Several steamers have just closed at this rate.
***Ridgeband*** .....We strongly advise the owners to accept ——, as many steamers are offering.

# FREIGHT MARKET REPORTS.—Continued.

**Ridgebone** .....Other tonnage is offered on same terms.
**Ridgepole**.....Same terms are offered by other shippers.
**Ridgetile** .....Other brokers here are offering ——
**Ridging** .....Our competitors here are offering owners higher rates than your quotations.
**Ridgy** .....Your competitors are offering higher rates than you are.
**Ridicule** .....Your offers too low; owners will not look at them.
**Ridiculing** .....Your figures are too low; higher freights are being offered us.
**Ridiculous** ..... „ „ we can do better on this side.
**Ridingdays** .....Our competitors are offering steamers at lower rates.
**Ridinghood** .....Your „ „
**Riffraff**.....Your figures are too high; merchants are getting steamers cheaper.
**Rifleman** .....Other brokers are offering here steamers at ——; please telegraph us the same authority, we could close.
**Rifles** .....What are shippers' views?
**Rigadoon**..... „ the captain's (or owner's) views.
**Righteous**.....The shippers' views are ——
**Rightfully** .....The captain's (or owner's) views are ——
**Righting** .....Shippers will not give their views; they want an offer.
**Rigidities**.....Captain (or owner) will not give his views; wants offer.

Rondel..... ..... ...Cable state of weather.
Roodbeam .....Weather mild.

Roodscreen ..... „ snowing.
Roodtower ..... „ freezing.
Roodtree ..... „ „ hard.
Roofing .....To date, winter has been mild.
Roofless ..... „ „ cold.
Roofy .....We have had a mild winter.
Rookery ..... „ cold „
Roomful .....Prospect of an early spring.
Roomiest ..... „ a late „
Roominess .....Is there any ice in the river?
Rooster .....There is „
Roosting ..... „ no „
Rootbound ..... „ much „
Rooteater..... „ some „ but not in sufficient quantity to impede navigation
Rootlet.....Navigation expected to open ——
Rootstock..... „ „ early.
Ropalic ..... „ „ late.
Ropedancer ..... „ closed.
Ropeladder ..... „ open.
Ropemaker .....The ice in the river is breaking up, and navigation resumed.
Ropery.....Navigation not likely to close for some time.
Ropewalk..... ..... „ „ „ days.
Ropeyarn.....Weather freezing hard; floating ice in river; think navigation will soon close.
Ropiness .....Will steamer be too late for the St. Lawrence, sailing on
Roquelaur .....—— will be too late for the St. Lawrence ——
Roriferous .....Do not think steamer will be too late for St. Lawrence.
Rosaceous ..... „ „ „ but would suggest calling at Sydney for information or instructions.
Rosaries .....Steamer will call at Sydney for information or instructions.

## ICE CLAUSES.

Roscid .....Steamer to load first open water.
Rosefaced.....Should ice set in during loading so as to endanger ship, the captain to be at liberty to sail with part cargo.
Rosegall ..... „ „ „ „ „ „ „ and to have leave to fill up at any open port on the way homeward for ship's benefit.
Roselites .....Should the port of discharge be inaccessible by reason of ice on steamer's arrival, the master shall have the option of waiting until the port is again open, or of proceeding to the nearest safe open port, and there discharge her cargo, in which case the steamer shall receive the same freight as if she had discharged at the port to which she was originally ordered.
Rosemary.....Should the steamer be ordered to discharge at a port on the Continent inaccessible by reason of ice on the steamer's arrival, the master shall have the option of waiting until the port is again open, or of proceeding to the nearest safe open port or roadstead (telegraphing his arrival there to charterers), where he shall receive fresh orders for an open and accessible port of discharge in the United Kingdom or Continent within 24 hours, or lay days to count.
Rosewater .....Should the steamer be ordered to a port of discharge on the Continent inaccessible by reason of ice on the steamer's arrival, the master shall have the option of waiting until the port is again open, or of proceeding to the nearest safe open port or roadstead (telegraphing his arrival there to freighter), where he shall receive fresh orders for an open and accessible port of discharge in the United Kingdom or Continent within 24 hours of arrival, or lay days to count. If so ordered the steamer shall receive the same freight as if she had discharged at the port to which she was originally ordered, but if ordered to a port more than 100 nautical miles distant from such open port or roadstead, the freight shall be increased by threepence per quarter on grain or its equivalent on other cargo. In no case shall the steamer be ordered from a port of call in the United Kingdom to an ice-bound port.

**Testimony** .....We decline terms proposed.

## Special Cipher for Sailing Ships.

**Tradewind** .....The following message refers to a SAILING VESSEL, not to a STEAMER.
